

Santacruz Announces Closing of Previously Announced Private Placement for CDN\$14 Million with a Lead Order from Palisades Goldcorp

Not for distribution to United States newswire services or for dissemination in the United States

Vancouver, B.C. -- Santacruz Silver Mining Ltd. (TSX.V:SCZ) (the "**Company**" or "**Santacruz**") is pleased to announce that it has closed its previously announced non-brokered private placement offering (the "**Private Placement**") of units of the Company (each, a "**Unit**") with a lead order from Palisades Goldcorp Ltd. The Company issued an aggregate of 46,965,000 Units at a price of \$0.30 per Unit for gross proceeds of \$14,089,500.

Each Unit consists of one common share of the Company and one non-transferable common share purchase warrant (a "**Warrant**"). Each Warrant entitles the holder to acquire one common share of the Company at a price of C\$0.45 for a period of 36 months following the issue of the Warrant.

In consideration for their services, the Company has paid to certain finders cash finders' fees totaling \$501,588.57 and issued 1,671,961 finders' warrants having the same terms as the Warrants.

The proceeds from the Private Placement are expected to be used by the Company to complement the acquisition of the Zimapan mine (refer to the news release dated April 6, 2021), to accelerate exploration activities at the Horizontes (Lomo del Toro) area and for general working capital and corporate purposes.

All securities issued or issuable under the Private Placement are subject to a four month hold period expiring on August 13, 2021 in addition to such other restrictions as may apply under applicable securities laws of jurisdictions outside of Canada.

This press release shall not constitute an offer to sell or solicitation of an offer to buy the securities in any jurisdiction. The securities will not be and have not been registered under the United States Securities Act of 1933 and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirements.

Forward looking information

Certain statements contained in this news release constitute "forward-looking information" as such term is used in applicable Canadian securities laws, including statements relating to the agreement with Minera Cedros and the acquisition of the Zimapan Mine by the Company. Forward-looking information is based on plans, expectations and estimates of management at the date the information is provided and is subject to certain factors and assumptions. In making the forward-looking statements included in this news release, the Company has applied several material assumptions, including that the Company's financial condition and development plans do not change as a result of unforeseen events, that the Company will receive all required regulatory approvals and that future metal prices and the demand and market outlook for metals will remain stable or improve. Forward-looking information is subject to a variety of risks and uncertainties and other factors that could cause plans, estimates and actual results to vary materially from those projected in such forward-looking information. Factors that could cause the forward-looking information in this news release to change or to be inaccurate include, but are not limited to, unanticipated delays in obtaining or failure to obtain regulatory or stock exchange approvals; the risk that any of the assumptions referred to above prove not to be valid or reliable; there can be no assurance that the Company will be successful in completing the acquisition of the Zimapan Mine; market conditions and volatility and global economic conditions, including increased volatility and potentially negative capital raising conditions resulting from the continued COVID-19 pandemic and risks relating to the extent and duration of such pandemic and its impact on global markets; risk of delay and/or cessation in planned work or changes in the Company's financial condition and development plans; risks associated with the interpretation of data (including in respect of the third party mineralized material) regarding the geology, grade and continuity of mineral deposits; the uncertainty of the geology, grade and continuity of mineral deposits and the risk of unexpected variations in mineral resources, grade and/or recovery rates; risks related to gold, silver, base metal and other commodity price fluctuations; risks relating to environmental regulation and liability; the possibility that results will not be consistent with the Company's expectations, as well as the other risks and uncertainties applicable to mineral exploration and development activities and to the Company as set forth in the Company's continuous disclosure filings filed under the Company's profile at www.sedar.com. There can be no assurance that any forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, the reader should not place any undue reliance on forward-looking information or

statements. The Company undertakes no obligation to update forward-looking information or statements, other than as required by applicable law.
